

Workshop on „Nonparametric and high-dimensional statistics“

organized by the
Research Training Group
"Statistical Modeling of Complex Systems and Processes" Heidelberg/Mannheim

in cooperation with the
International Laboratory of Stochastic Analysis and its Applications
Higher School of Economics, Moscow

and
MAThematics Center Heidelberg (MATCH)

Organizers: Valentin Konakov, Enno Mammen, Alexandre Tsybakov

Program:

09:00-09:45: Harrison Zhou, Yale University

10:00-10:45: Denis Belomestny, University of Duisburg-Essen

Coffee break

11:30-12:00: Karl Gregory, University of Mannheim

12:05-12:35: Vladimir Panov, National Research University Higher School of Economics
Moscow

12:40-13:10: Claudia Strauch, Heidelberg University

Lunch break

15:15-16:00: Guillaume Lecue, Ecole Polytechnique, University Paris Saclay

16:10-16:40: Pierre Bellec, ENSAE ParisTech - University Paris Saclay

Coffee break

17:15-18:00: Alexandre Tsybakov, ENSAE ParisTech, France
